# CCM6 Display Install

**1** Use a small screw driver to release trim clips from vent housing (2 screw drivers may be required as tabs are stiff)

**2a** Use 1 finger to loop around back of vent core as shown

**2b** Pull core from vent housing (a hard pull will be required to get core snapped past fins)

**3** With "TOP" at 12 o'clock position, feed display cable through vent housing as shown

**WARRANTY & LIABILITY:**  
Neither P3 Cars, nor its dealers or agents shall be liable in any way, for any damage, loss, injury or other claims, resulting from the installation or use of this product. By purchasing or installing this product, you assume all liability of any kind connected with the use and/or application of this product. If you are unsure that you can safely install and use this product, consult a qualified installer or mechanic. The warranty on this product covers only the product itself for a period of 6 months from the date of purchase, and it will be at our discretion to repair or replace the affected parts. No user serviceable parts inside. Warranty will be voided if product shows physical damage.

**4** Insert display enclosure into vent as shown

**5** Replace trim making sure that it is in the correct orientation.
